

## RSPO FAQ Sheet

### 1. Is CREMER OLEO a member of RSPO?

Yes, we are a member and our membership number is: 2-0088-08-000-00.

### 2. Is the membership equivalent to a certification?

No, it is only the prerequisite for being RSPO SCC certified.

### 3. What does a RSPO SCC certification mean?

The RSPO SCC certification guarantees that the criteria for processing RSPO certified sustainable palm oil (and derivatives) through one or more of the supply chain models as stated in the RSPO SCC have been met.

### 4. Which supply chain models are available?

*Identity Preserved (IP)* - certified product is uniquely identifiable to the certified plantation through the whole supply chain

*Segregation (SG)* - certified product is only from certified sources (different plantations possible)

*Mass Balance (MB)* - product of certified and not certified sources can be commingled at any stage in the supply chain

### 5. Is CREMER OLEO RSPO SCC certified?

Yes, Cremer Oleo is certified since November 2011 with certification code: CU-RSPO SCC-818049.

### 6. Does CREMER OLEO have RSPO certified products in the portfolio?

Basically all of our products based on palm oil, palm kernel oil or their derivatives are available at least RSPO/MB certified. Some of our products such as Soap Noodles and Glycerin can be offered even in compliance with RSPO/IP standards.

Please contact us to learn more about the availability of particular product.

### 7. How to get RSPO/MB certified material?

Not all of our products are generally RSPO/MB certified. Therefore just mention in your purchase order that you require RSPO MB certified material.

All accompanying delivery documents will be issued with a remark for the MB certification status.

### 8. Does the Certificate of Analysis refer to the RSPO/MB certification status?

No, the RSPO/MB certification is not related to a specific batch. In compliance with the requirements of the RSPO SCC it is adequate to mention the RSPO/MB status in the accompanying delivery documents.
